### Message from the Executive Headteacher

I just wanted to say a huge thank you for your understanding last week when I had to close the school on the Friday. I hope you had a lovely time enjoying the snow as a family – it is always good to do something a little different. However, I am sorry for any inconvenience caused.

After several complaints from the local residents, please could you ensure that you park respectfully and not block driveways and other cars on the car park. I understand that this can be difficult at times but leaving a little earlier to either walk or park a little further away from the school will be of great help to all and ensure the safety of the children.

As always if you have any questions or queries, please contact the school office using the enquiry email.

Thank you for your continued support,  
Mrs Aulton

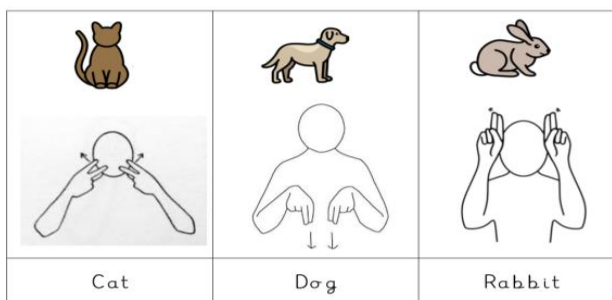

### OPAL Donation Plea

As we are now well and truly into winter, equipment for our OPAL play needs to be more robust and weatherproof. Our children love den building, but they can't do it with the fabrics they have been using in the drier weather.

We would greatly appreciate any donations we can use for den building such as shower curtains, tarpaulin, planks of wood or old windbreaks. We also need bungy cords, heavy duty pegs and clips to hold the dens together.

If you are able to donate any items, please let Mrs Lindsay know by contacting the school office.

### Makaton News

Lots of us have different pets and we love to talk about them. Can you learn this week's signs for cat, dog and rabbit? If you could have any pet, what would it be?

## Spotlight on attendance

Thank you and well done to all the families who recognise the importance of attendance and ensure their children are in school on time every day when well enough to do so. Year 1 are our best attenders this week, achieving 99%! However, whole school attendance this week is again worrying low and Year 1 were the only class over our target of 96%!

If your child is ill and this results in them being off on a Wednesday or a Thursday, please don't think it's not worth sending them back to school for the remaining days of the week. Learning takes place every day – including Fridays! The more days your child misses from school the wider the gaps in learning become. Children can also feel anxious about returning after a prolonged absence so sending them back to school as soon as they are well enough is a priority.

If you have any worries or concerns about your child's attendance, please see Mrs Lindsay via the school office.
