### Message from the Headteacher

This week has certainly been busy with lots of different activities and lots of children achieving success in the different opportunities they have experienced. The huge smiles and sense of pride has been inspiring and learning a life skill such as riding a bike is also very important too. Please look at our diary dates for more information about the upcoming exciting events happening over the next few months. As always if you have any questions or queries, please contact the school office using the enquiry email. [enquiry@hightersheath.excelsiormat.org](mailto:enquiry@hightersheath.excelsiormat.org)

Thank you for your continued support,  
Mrs Aulton

### Year 2 Stone Age Workshop

Year 2 went back in time to the Stone Age this week. We all had fun taking part in a mammoth hunt, crafting our own tools, creating cave paintings and becoming archaeologists. In the afternoon we learned about how Neanderthals used to hunt larger animals and developed our own archery skills. We all thoroughly enjoyed our Stone Age day and learnt lots of amazing facts about this fascinating period in time.

### Bikeability

This week saw many of our KS2 children take part in the Level 1 and 2 Bikeability sessions. All who took part enjoyed learning how to stay safe when riding their bike and Years 5 and 6 were able to transfer the Level 1 skills learnt onto the local roads. For some of the children, taking part helped them to learn how to ride a bike for the first time and I have to say we are immensely proud of the progress they all made. I would also like to say a huge thank you to the instructors who ran very informative and enjoyable sessions. Well done everyone!

### Proposed changes to the cost of school meals

Unfortunately, Cityserve, the company who provide our school meals, have announced that they will be increasing the price of school meals in the next few weeks. As of yet we do not know the exact increase but will keep you informed of any changes as soon as possible. We are sorry for any inconvenience this may cause. Please contact the school office if you wish to discuss this further.

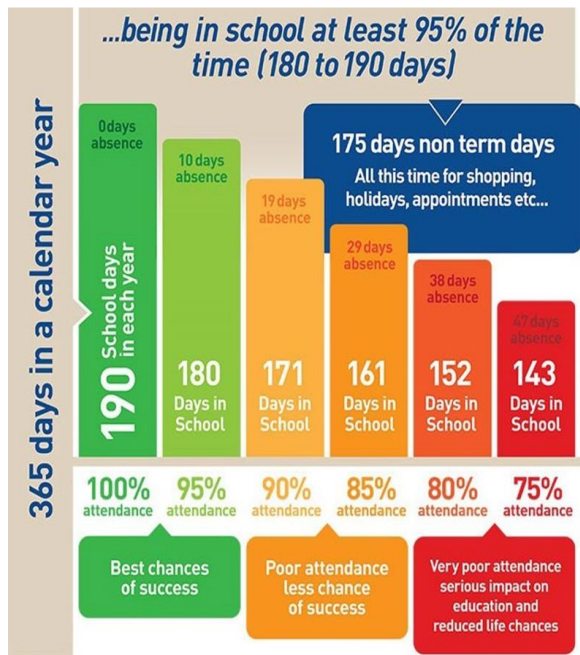

## Spotlight on Attendance

Why good attendance is important.

Good attendance is important because statistics show that pupils with good attendance have higher attainment in school and studies show that children with attendance above 96% make better progress socially and academically.

With the focus and development on the curriculum that has taken place at school then children who are absent will find gaps in their knowledge when they return. For our younger children, both attendance and punctuality are doubly important as they move straight into their phonics groups after the register has been taken which can also significantly affect their progress.

If you are having difficulties getting your child to school and would like any support, please contact Mrs Lindsay.
